

Dear 2nd grade families,

Greetings! My name is David McNelly and I love teaching 2nd grade!

Seven and eight year-olds are a wonderful mixture of imagination and magic, while at the same time figuring out the hows and whys of the world around them. New second graders have already formed many skill sets, and we have so much more to learn together this school year.

I am excited about a few things at the moment. One is the fact that we have all completed another year of school. Good job kids! Another is that I have a lot of home projects planned, plus a long solo camping trip, as well as a few other trips with my family. I enjoy spending my summer time taking care of my animals, making things in my workshop and taking care of myself.

And finally, I am excited about starting a new school year with my new students and I look forward to getting to know all of you much better.

Enjoy your summer,

-Mr. Dave
