

## 2017-2018 La Tierra Community School 3<sup>rd</sup> Grade Classroom Supply List

Dear Families,

Please label the school supplies listed below with your child's name. There will be 18 students in the 3<sup>rd</sup> grade this year so labeling supplies will help each student keep track of his/her belongings.

- One wide-ruled journal or notebook for daily journaling and writing stories. This will log the students' thoughts and growth in the 3<sup>rd</sup> grade, so if they choose a special one they like, it will add to their writing experience!
- One wide-ruled spiral bound notebook
- One backpack large enough to carry two notebooks, a library book, a lunch box, and a water bottle
- One reusable water bottle with the child's name on it

This year, each classroom teacher is asking for \$50 per student to be paid to the office for classroom supplies. This will cover the cost of all pencils, art supplies, binders, and classroom library books throughout the year. It will also cover supplies such as math manipulatives and the physical classroom's maintenance and upkeep.

Thank you for helping make La Tierra Community School a beautiful learning environment!

If you have any questions or ideas for the classroom, feel free to contact me at 928-910-9392.

Sincerely,

Ms. Elise
